

Rain Garden Workshop

Learn How to Design, Install, and Maintain a Rain Garden!

October 21, 2013
9 am to 3 pm
West Park Pavilion
700 N. Nappanee Street
Nappanee, IN

Cost: \$25 (includes lunch)
Registration Deadline: Oct. 11

Presenter: Rusty Schmidt, author of the *Blue Thumb Guide to Rain Gardens*.

This workshop is geared toward homeowners, conservation professionals, landscape professionals, gardeners, Master Naturalists, Master Gardeners, and anyone interested in growing beautiful plants and improving our streams and water bodies. Topics include rain garden design and construction, planting recommendations, and maintenance.

**Sponsored by the Elkhart County Soil and Water Conservation District.
For more information or to register, call 574-533-4383 ext. 3.**

Continuing Education for Landscape Architects — LA CES approved 5.25 CEUs.

Rain gardens capture rainwater and slow runoff.
They naturally treat stormwater runoff while attracting birds and butterflies and
creating a beautiful native perennial flower bed.
